- ⇒ Memorandum of understanding and articles of Association and authorization letter.
- ⇒ Partnership Deed.
- ⇒ Registration lease deed. (Incase of Tenant/lease)

2. Pay Rs. 250/- as registration fees at the cash counter of the sub division office/ section office and produce the receipt while registration.

3. The following deposits are to be paid by you on being intimated

- ⇒ Initial security deposit at Rs. per KVA.
- ⇒ Meter security deposit of Rs.
- ⇒ Supervision charges at% of the estimate cost to provide power supply.

- ⇒ Rs. towards the Fee for electrical inspectorate inspection of the H.T.metering cubicle/U.G. Cable
- ⇒ Your have to pay Rs..... towards infrastructure charges.

ISD

HT - 2 (a) (Industrial)

- Rs. 1100/- per KVA upto 1 lakh Units
Rs. 1200/- per KVA above 1 lakh Units

HT- 2 (b) (Commercial)

- Rs. 1350/- per KVA upto 2 lakh Units
Rs. 1410/- per KVA above 2 lakh Units

Note : for other category of HT tariff rates please contact AE (T) sub division / division office.

MSD

- Electric T.V. meter Rs. 15,260/-
HT Metering cubicle Rs. 76,275/- (outdoor tyre metering cubicle)

(This rates are subjected to change from time to time)

4. If additional load required to the existing installation warrants replacing the existing service mains, the service mains are to be replaced at your cost (the released portion to be given to MESCOM).
5. Produce a road cutting/foot path cutting permission from the corporation or other local Body to lay the Underground service mains.
6. Show your building for which you desire power supply to the Asst. Engineer, Elecl., or the section officer of the section within 10 days from the date of registration of this application to fix the position of the metering cubicle and to prepare the estimate.

Sl. No. HT.....

7. Produce completion cum test report from a Licensed Electrical Contractor approved by the Govt. of Karnataka along with wiring diagram in duplicate.
8. The relevant draft agreement is annexed. Produce the same in TRIPLICATE with original embossed for Rs. 100/- duly signed on all pages.
9. Ensure that only **ISI marked materials** are used in your installation. You are responsible for all the maintenances inside your premises at all times if the service main become faulty within one year of service, you will have to replace at your cost.
10. If the line executed by you becomes faulty within one year from the date of service, they have to be replaced by you at your cost.
11. Incase of additional load, there shall be no arrears of revenue.
12. Observe all the formalities as intimated within 90 days from the date of sanction, failing which, the power sanction will automatically lapse.
13. During the servicing of your installation, you shall be present to ensure that the
 - * Assigned R.R. No. is painted.
 - * You affix your signature in the sealing register.
 - * Get YOUR copy of the bilateral agreement.
 - * Get a service certificate
14. Provide capacitors of appropriate capacity to maintain the power factor of your installation above 0.9 in every billing period to avoid power factor penalty.

(THE CAPACITORS ARE TO BE EVENLY DISTRIBUTED TO ALL
THE MOTORS TO AVOID OVER COMPENSATION)

15. The transformer to be used in your premises should have off load/on load tap change.
16. The capacity of any individual machine should not be more than the contract demand.
17. One independent earth electrode with two distinct and separate earth connections are to be provided as per ISS 3043 to the body of the metering cubicle provided by MESCOM. The GI pipe used should be 2.6 mtrs. Long, 40mm dia of approve class (specification & drawing enclosed).
18. The following formalities are also to be fulfilled :
 - a) Execute the work of infrastructure including RMU's/ cables as per the sanctioned estimate through Class I Licensed Electrical contractor under MESCOM supervision
 - b) Space for locating the metering cubicle be left in the premises in the front entrance and shall be visible from outside Road.
 - c) The entire infrastructure will be the property of MESCOM
 - d) The proof of purchase of all materials used like Bills / Invoices are to be furnished.
 - e) Test certificates of the transformer and switchgear are to be furnished.

19. The electrical connections are to be as under :
- 1) *In case of Over Head System*
- a) Service main cable from the point to be decided to the two pole structure outside premises.
 - b) The two pole structure to have HT GOS and HT fuse outside the premises.
 - c) The metering cubicle to be connected after the HG fuse, by an underground cable only.
 - d) The load side of the metering cubicle to the two pole structure to have isolating HT GOS and HT fuse.
 - e) The Customers transformer to be connected after the HT fuse at the at two pole structure after metering cubicle.
 - f) The above arrangement shall be incorporated in the drawing and be got approved before ordering the same and installing thereafter.
20. Please mention your Sl. No. / R.R. No. in all your future correspondences.
21. If the work involves additional infrastructure, the service will be given after completing the proposed works.
22. If you do not get first energy bill within 1 months from the date of servicing of the installation, please contact the sub division officer.
23. The required electrical Inspectrate certificate as per rule 63 (3) of IE Rules 1956 is to be furnished by you for commissioning the transformer equipments and transformer.
24. Work order will be issued and the HT metering cubicle will be allotted after :
- a) All the amounts as per intimation are paid.
 - b) Completion report of the contractor is furnished.

- c) In case additional load, after all arrears are paid.
 - d) Execute power supply agreement in triplicate.
25. The prospective customers are to pay the infrastructure charges towards H T line extension, RMUs, etc., at the rates notified by the Corporation. They need not pay the line minimum charges. The infrastructure charges to be paid as per the present rates are :

Rs 1500/- per KVA in areas where HT UG cable system is existing both in main and loop cables.

Rs. 500/- per KVA in areas where HT overhead line system exists/part UG cable system exists.

In addition, station Augmentation charges are to be paid if the load is 1001KVA and above.

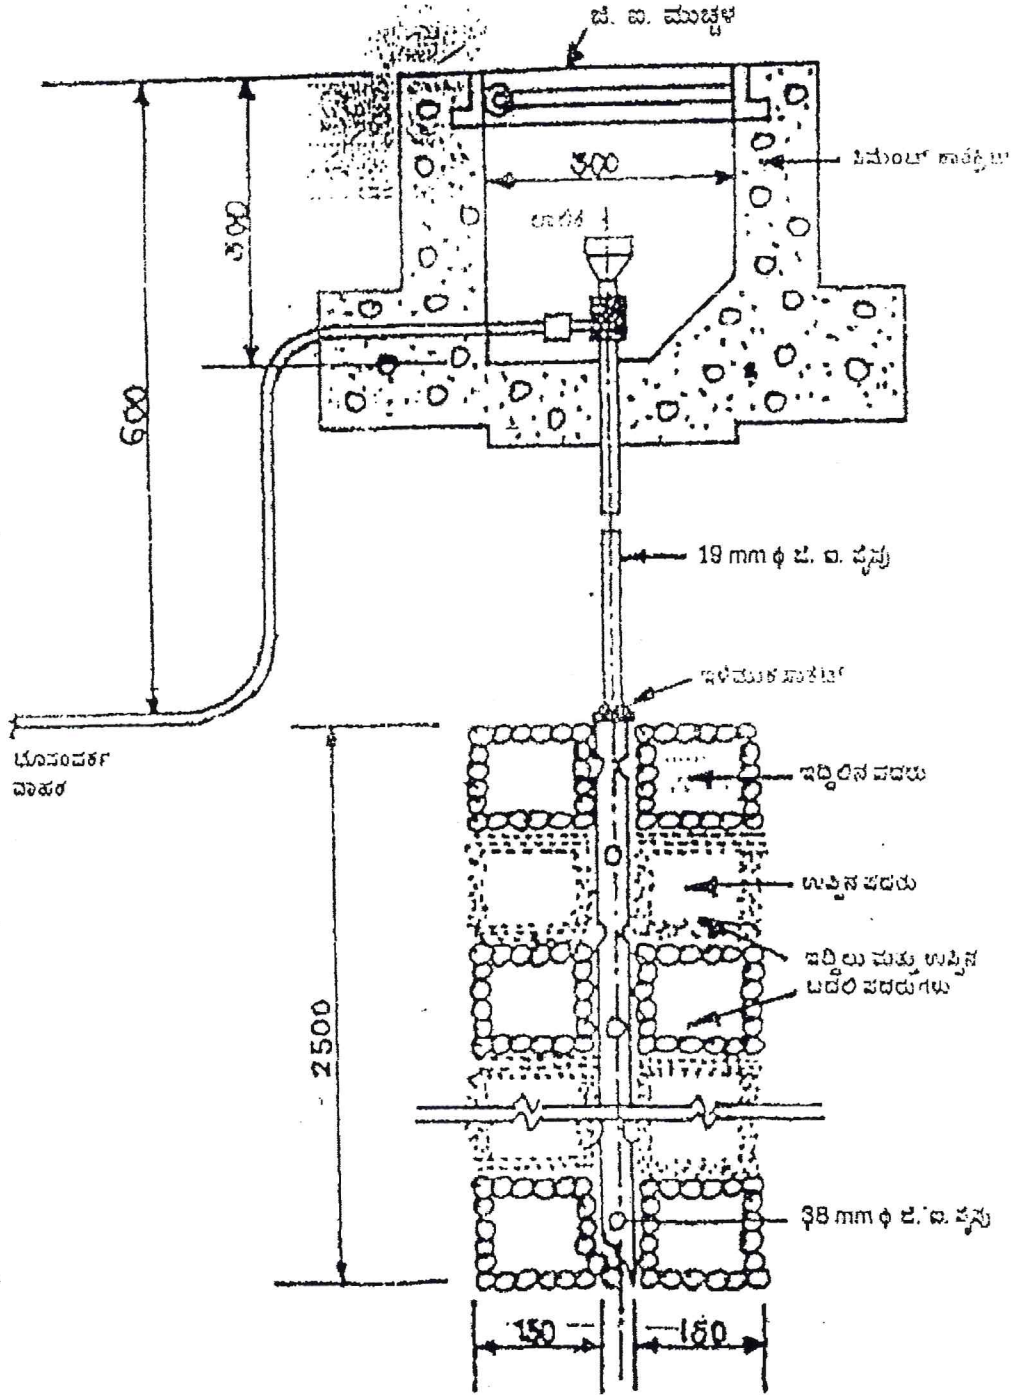

The entire works as estimated will have to be carried out by the customer at his cost under self execution mode and the financial liability is limited to the above rates. The extra expenditure incurred (based on inventory) will be reimbursed by the MESCOM through adjustment in future electricity bills.

If the cost of works is less than the above calculated amount, then the difference amount will have to be paid to the corporation.

NOTE: The HT supply can be availed upto minimum contact demand of 25KVA.

THE INSTALLATION WILL BE DEEMED AS SERVICED IF SERVICE IS NOT AVAILED WITHIN ONE MONTH OF ISSUE OF NOTICE.

**SUPPLY AGREEMENT FOR SUPPLY OF HIGH TENSION /
EXTRA HIGH TENSION ELECTRICAL ENERGY**

Agreement made this _____ day of (date) of _____ (month) two thousand _____ between the _____ ELECTRICITY SUPPLY COMPANY LTD., constituted by the Government of Karnataka (hereinafter called the 'LICENSEE' expression, wherever the context so admits shall include its successors and assigns) the part;

_____ (herein after called as the 'CONSUMER' which expression, the context so admits shall include its successor or successors in business and assigns of his heirs, executors, administrators) of the other part.

At the request of the Consumer, the licensee has agreed to supply to the Consumer for the purpose of _____ in his/her/it's premises at _____ for bonafide purpose and use within the premises.

DEFINITIONS :

This Agreement, unless the context otherwise requires :

"Act" shall mean the Electricity Act, 2003 or such other enactment governing the supply and use of electrical energy as may be in force from time to time.

"Conditions of Supply" shall mean the "Conditions of Supply of Electricity of Distribution Licensee in the State of Karnataka" approved by the Karnataka Electricity Regulatory Commission and as amended from time to time.

"Commission" means the Karnataka Electricity Regulatory Commission.

CONDITIONS OF SUPPLY :

- a) The Licensee shall supply electrical energy to the premises of the Consumer from its distributing main at high tension / extra high tension as specified in the "Conditions of Supply" under classification of supply and the Consumer shall take from the Licensee electricity required for the purpose herein above recited at the single point of supply up to the maximum of _____ KVA, being the contracted demand.
- b) Electrical energy supplied to the premises shall not be utilized by the Consumer in any manner prejudicial to the Licensee and all usage must be according to such method or methods approved by the Licensee. The use of power must be confined to such places as shall have been provisions of the "Conditions of Supply" as in force from time to time. Besides, for dishonest abstraction / use / consumption of electricity or interference with the meeting equipment or accessories, the Consumer shall also be liable for prosecution under the Act and any other law for the time being in force, and the installation shall be liable for disconnection.
- c) The Consumer agrees and undertakes not to resell any part of the power supplied to him/her/it without the previous written consent of the Licensee.
- d) The Consumer shall carryout the work of extension of lines, installation of apparatus/ equipments at his/her/its cost on self execution basis and shall be liable to pay supervision charges to the Licensee at the rates specified in the "Conditions of Supply"

and shall be bound to carryout such works wihtin a period of six months from the date of such intimation by the Licensee.

- e) If the Consumer defaults in Completing such work as referred to here in above, within the stipulated time, then the Licensee shall be entitled to deduct 10% of the total amount paid by the Consumer forthwith and shall further be entitled to cancel the sanction of power.
- f) The Licensee shall be entitled to deduct 10% of the total amount paid by the consumer in the event of the Consumer desiring not to avail power supply after the execution of this Agreement.
- g) The Consumer shall permit the Licensee, free of cost, to erect the posts, distribution lines, structures, equipments, cables and other apparatus necessary for the supply of electrical energy under this Agreement on the land belonging to, or in the possession of, the Consumer.
- h) The Consumer agrees to take supply under any conditions of restrictions of load and time that may be fixed by the Licensee frōm time to time and to pay fixed charges under this Agreement in full notwithstanding such restrictions.
- i) The supply of electrical energy undo this Agreement is liable to be restricted, staggered or cut off altogether, as the case may be, if the power position or any other emergency warrants such a course of action. The Licensee reserves the right to periodical shutdown as and when required for the purposes of routine maintenance after giving reasonable intimation to the Consumer.
- j) Subject to the provisions of the Act, the "Conditions of Supply" and any other law for the time being in force, the supply under this Agreement shall be valid initially for a period of five years from the date of commencement of supply and shall stand automatically renewed form year to year thereafter until expressly terminated in writing by either of the parties.
- k) Without prejudice to the rights and liabilities of the parties in respect of any matter antecedent to terminatio and subject to payment of demand charges as per applicable. Tariff for the unexpired period of the initial period of Agreement, either party to this Agreement may terminate this Agreement by giving three months prior notice in writing.
- l) The Licence shall not be liable to pay damages / compensation in connection with loss of life or property arising, occurring or resulting form the use of power.
- m) Where the Consumer is required to obtain a licence or permit or 'No objection certificate' for running his Industrial/commercial concern of lift irrigation scheme and the License or permit is suspended or cancelled, or the validity of the 'No objection certificate' issued by the competent authority to lift water has expired, the Licensee shall have the right to discontinue power supply during the period when the license or permit is cancelled or suspended or the validity of the No Objection Certificate issued by the competent authority has expired, without prejudice to the obligation of the Consumer to pay the minimum charges during this period.

3. METERS :

The energy supplied shall be measured and registered by a meter or meters in or upon the said premises to be provided, fixed and kept in proper order by the Licensee.

The procedure for billing when the meter is not provided or is faulty shall be regulated as per the relevant provisions of the Act and the "Conditions of Supply"

4. SECURITY DEPOSIT :

The Consumer, on a request made by the Licensee in this regard, shall renew or replenish all security deposits in the event of the same becoming exhausted or insufficient.

5. TARIFF AND PAYMENT OF ELECTRICITY CHARGES :

From the date this Agreement comes into force, the Consumer shall be bound to, and shall pay the Licensee, fixed charges, energy charges and additional security deposit in accordance with the tariffs approved by the Commission and the "conditions of Supply" from time to time for the appropriate class of Consumers. The Consumer shall pay the Licensee the tax on electricity charges as determined by the Government of Karnataka from time to time. In case even after disconnection, if the dues remains unpaid, then the Licensee shall be entitled to take recourse to the provisions stipulated in the "Conditions of supply" and other laws for the time being in force to recover the arrears.

6. DISCONNECTION FOR ARREARS AND RECONNECTION :

In case the Consumer fails to pay the charges due for the electricity supplied within the due date, the Licensee shall be entitled to cut off the supply after giving due notice as provided in the Act and "Conditions of Supply" and power supply shall be restored only on payment of all arrears including interest and reconnection charges as stipulated from time to time in the "Condition of Supply"

7. CONTINUITY OF POWER SUPPLY :

The Licensee shall take all reasonable precautions to ensure continuity of supply of power to the Consumer at the point of commencement of supply. However, the Licensee shall not be liable to the Consumer for any loss due to the interruption in the supply of power by reason of damage to the equipment of the Licensee during war, mutiny, riot, strike or by earth-quake, hurricane tempest or any accident or causes beyond the control of the Licensee.

8. ENTER INTO CONSUMER'S PREMISES :

The Licensee shall have access to the premises of the Consumer at all reasonable times without notice for meter reading, inspection, testing and / or for any other purpose incidental to or connection with the proper maintenance of supply

The Licensee shall access to the premises at any time for inspection, if there is any reason to suspect breach of the provisions of this Agreement, the Act and the "Conditions of Supply"

If the Consumer, his agent, employees or any one else purporting to act on his behalf attempts to obstruct or impede the Licensee or its employees or authorised person in this regard, the Licensee shall be entitled to immediately cut off power supply. The

Consumer shall also be liable to pay such penalty as may be imposed by the Licensee in this regard.

9. ASSIGNMENTS OR TRANSFER OF THE BENEFIT OF THIS AGREEMENT BY THE CONSUMER :

The Consumer shall not, without the previous consent in writing of the Licensee, assign, transfer or part with the benefit of this Agreement and shall not in any manner part with, or create any partial / separate interest in it.

10. APPLICATION OF THE PROVISIONS OF THE ACT AND THE "CONDITIONS OF SUPPLY" :

In all matters not here in specifically provided for, the provisions of the Act, the "Conditions of Supply" and other laws for the time being in force shall apply.

11. SAVING CLAUSE :

Nothing contained in this Agreement or any amendment thereof shall restrict any rights and obligations, which the Licensee or the Consumer has derived under any legislation relating to supply and consumption of electricity enacted during the period of this Agreement. In witness whereof, the Licensee through its duly authorized representative and the Consumer have executed this Agreement on the day month and year first above written.
